CSE ECE ME BT

Computer Science Department

Department of Computer Science & Engineering offers undergraduate, post graduate and Doctoral programs with a flexible and industry curriculum and innovative pedagogy that is very dynamic in capturing the latest trends in the industry and the job market. The emphasis will be on making the student ready to be fit for the immediate industry needs

**Programs Offered:**

- B. Tech in Computer Science & Engineering
- B.Tech (Hons) Computer Science & Engineering.
- B.Tech Computer Science & Engineering (Specialization)
- B. Tech Computer Science & Engineering (Minor in other branch)
- M.Tech in Computer Science & Engineering
- M.Tech in Digital Forensics & Cyber Security (DF&CS)
- M.Tech in Artificial Intelligence & Data Science( AI&DS )
- Ph D in Computer Science & Engineering

**Head Of The Department: Hari Kiran Vege**

CSEECEMEBT

Electrical Department

Welcome to the Department of Electrical & Electronics Engineering at Koneru Lakshmaiah Education Foundation. We started our journey in the year of 1995. Over the last few decades, we have grown our expertise and competence in the core Electrical & Electronics Engineering curriculum and research. We have a strong undergraduate program in Electrical & Electronics engineering, including B. Tech, M. Tech, dual degree program. At the postgraduate level, we offer M. Tech, & M. Tech, by Research and PhD degrees. The sanctioned students' strengths of B. Tech, M. Tech., and M. Tech., by research are respectively 60, 36 and 10 per year. At present, the department has 167 PhD scholars. Several sponsored candidates from industries and research laboratories carry out their postgraduate studies in our department.

**Programs Offered:**

- Smart Grid Technology (Specialization)
- Electrical Vehicle Technology (Specialization)
- Green Energy Technology (Specialization)
- Industry Automation (Specialization)

**Head Of The Department: Dr. Jarupula Somlal**

CSEECEMEBT

### Mechanical Department

Established in 1980, the Mechanical Engineering is one of the most versatile and broadest fields of engineering. The key areas of Mechanical Engineering like 'Product Design', 'Smart Manufacturing & Automation' and 'Automobile Electronics' have opened vast opportunities in industries allied to Automobiles, Aerospace, Renewable Energy, Manufacturing, Oil & Gas Production and Subsea technologies in renowned MNC's and Government companies. Especially, with emerging growth in automation, along with boys, girl students also find larger and better scope in Mechanical engineering sector.

**Programs Offered:**

- Engineering Design
- Smart Manufacturing
- Automobile and Autotronics
- Product Design
- Energy & CFD
- M.Tech in Robotics and Mechatronics
- M.Tech in Thermal Engineering
- M.Tech in Machine Design

**Head Of The Department: Dr. DVA Ramasastry**

CSE ECE ME BT

**BioTech Department**

The strength of the department is the faculty drawn from reputed national and international academic & research organizations. The faculty has more than 15 years of teaching experience with good industrial exposure. Faculty with postdoctoral research experience is feathers in the cap of the department. The faculty are extensively involved in quality research & development and in the last 3 years has acquired projects worth more than 3 crores rupees in the areas of biofuels, biomedical research, genomics and proteomics, bioinformatics and food biotechnology funded by prestigious research organizations like DBT, DST, UGC and ICMR. The department also has women scientists working under DST funded projects. The Department has filed patents with IPO in collaboration with industry. The biotechnology department at KL University has 7 well-furnished and fully equipped state-of-the-art laboratories, 4 research centers along with own computer center with latest molecular modeling and drug design software purchased from Schrodinger LLC, USA. As a part of student centric learning development various measures and initiatives are taken to improve the skills of students. These include exposure to guest lectures, industrial training and tours, communication and soft skills, mini-projects, paper presentations in national level paper contests, classroom seminars, placement opportunities, academic & career counseling, certificate courses, live projects in industry and exposure to journals etc. Another area of concentration for the faculty is research consultancy. The department has signed MoUs with Sneha Biotech, Vijayawada and NRI Academy of Medical Sciences, Guntur for faculty and student training and collaborative research. The department of biotechnology is also in collaboration with the Indian Institute of Science, Bengaluru and University of Oxford, UK for initiating collaborative research in biomedical sciences.

**Programs Offered:**

- Tissue Engineering and Regenerative Medicine
- Stem Cells
- Biomaterials
- Biochemical and Bioprocess Engineering
- Pharmaceutical Biotechnology
- Algal biofuels
- CO2 Mitigation
- Lipid Biochemistry
- Biological CO2 Sequestration
- Plant Genetic Engineering
- Marker Assisted Breeding
- Molecular modeling Drug Designing
- Genomics and proteomics
- Molecular modeling Drug Designing
- Pharmaceutical Biochemistry
- Biomedical and Nanotechnology
- Neuro Sciences

**Head Of The Department: Dr. Giridhar Kanuri**
